

## Agility Seminar with Kristy Netzer

### Defining Crosses

June 2, 2024, 9:00AM – 4:00PM

This seminar is for students to learn the finer points of the front, rear, and blind crosses. She will also discuss "Reverse Spin". Kristy will teach you how to cue the turns, so your dog knows which turn is going to happen before you ask him to do it. Like a car signal - You'll let him know which way to turn before he actually has to do it.

Kristy will teach you how to teach these skills to your dog. She'll also discuss the important cross line. This will help you understand the best place to put your crosses between obstacles.

Lastly, you'll run several sequences where you can practice the various crosses and learn which are best for your team.

Requirement for a working spot: Dog and handler must do sequencing with tunnels and jumps. Novice to Masters can participate in this seminar.

Priority to the seminar will be given to NDTC Members until May 20.

There will be 8 working spots and fifty auditing spots. *no discounts apply.*

Working Spots: \$100.00

Auditor Spots: \$25.00

Registration is the same as our classes. To Register: visit the NDTC Website, Schedule, REGISTER. **Registration will open on May 15 @ 6:00pm and close May 20 @ 6:00pm.**

Registration for **non-club members** will open on May 21 @ 6:00 pm and close on May 24 @ 6:00pm.
